

Setting up the beds

1&2. Gently lift and pull both mattress bases to the centre.
 3. Turn the cushions over to create a flat surface.
 4. Insert the narrow padding to complete the bed.
 (A mattress cover is provided)
 The rear lounge makes the largest bed - King Size, with privacy screen across.

The dinette converts into a small double and double bed above

5. Pull tabs on table and lift away from rail. Close leg up.
6. Lay the table top onto the 'lip' to secure.
7. Pull the mattress base across from the other side.
8. Turn all cushions over and insert 2 extra padding bits to create the full mattress.
9. The top bed is lowered by inserting the key, turn to the right and press the down arrow. The ladder is stored on the bed. There are sides that can be lifted and clipped into the ceiling for security.

There are blinds for all windows and sunlights.
